

# Consultancy Opportunity: Evaluation of The Donkey Sanctuary's programme of work with Animal Nepal

The Donkey Sanctuary is the leading global expert and charity supporting donkeys and mules worldwide, operating as an international non-governmental organisation. The Donkey Sanctuary is working for a world where donkeys and mules live free from suffering, and their contribution to humanity is fully valued. We will achieve this by transforming the quality of life for donkeys, mules, and people through greater understanding, collaboration and support, and by promoting lasting, mutually life-enhancing relationships.

We are looking for an experienced and reputable organisation / individual consultant to conduct an evaluation of the 5-year programme of work that has been delivered as a result of our partnership with Animal Nepal.

Findings of this evaluation will guide future project design and inform the direction of our partnership in support of both our global and Nepal strategies.

The objectives of this evaluation are:

1. To document the results and achievements of the programme of work between 2019-2023, including positive and negative, intended and unintended consequences.
2. To analyse the value added from The Donkey Sanctuary and Animal Nepal's programme of work to delivering our One Health - One Welfare Approach.
3. To capture lessons learned and recommend actions for improving performance.

The Donkey Sanctuary requires the work to be completed by no later than the end of June 2023. However, it is desirable for the work to be completed prior to this, and as soon as is practically possible. The Donkey Sanctuary's anticipated maximum budget for the consultancy is GBP 15,000.00.

Please note that while we have a maximum budget, we are looking for proposals that are able to demonstrate good value for money, and consistency between the methodology proposed and the estimated cost.
