

Date: 2080/02/18 (June 1, 2023)

VACANCY ANNOUNCEMENT

Position: IT Engineer
Number of vacancy: 1 (one)
Salary Level: As per Hospital Policy
Reports to: IT Manager

Required Qualifications:

- Bachelor degree in IT Engineering, Computer Engineering or a relevant course passed from a recognized institution.
- Good understanding of IT systems, networking and web technologies.
- Good verbal and written communication skills.
- Proficient in problem-solving.

Desired Qualifications:

- Understanding virtual networks.
- Understanding virtual hosting (e.g. Xenserver, VMware).
- Understanding SQL databases.
- Experience of software development using Django (Python) and React (JavaScript).

Main duties:

- Work in the IT team and Technology department.
- Work with other teams to ensure software and hardware systems are designed to support the vision and mission of the hospital.
- Set up, maintain and troubleshoot networking – including DHCP, VLANs, managed switches, routers and firewalls.
- Linux server administration (especially Ubuntu).
- Implement and manage VOIP (Voice over IP) infrastructure including ATAs.
- Integrate software with existing internal and external (including Nepal Government) systems.
- Maintain and update in-house software systems.
- Stay up to date on trends and technologies in order to ensure the organization is taking advantage of the most current technology.

Application with CV, copies of all certificates and Nepali Citizenship papers should be submitted by 2080/03/07 (June 22, 2023) to the Personnel Department UMHT, Palpa.
